MAXI STEAM HEATED Flatwork Ironer

Model: YZI-2200/2500/2800/3000/3300 (SINGLE ROLL)

YZII-2500/2800/3000/3300 (DOUBLE ROLLS)

YZIII-2800/3000/3300 (THREE ROLLS)

YZIIII-3000 (FOUR ROLLS)

YZ series flatwork ironers are designed for medium and big size laundries which can bring higher working efficiency and better ironing effect.

Features:

- 1- The roll is made of stainless steel
- 2- The transmission is adjusted through speed regulation; the working speed can be changed according to the heating temperature and the thickness of linen.
- 3- Adopt gear reducer to connect the pulley and chain wheels to accomplish stable and reliable work.
- 4- Seal: Sealed rotary joints prevent leakage, safety and reliability, save energy.
- 5- Protection devices: Three-phase electrical system, overload protection, voltage and short circuit protection, emergency stop switch, safety guard device on the front, etc.
- 6- With unique differential design and installation of ironing belts, it solves the ubiquitous problem of bad small linen ironing effect, and ironing wrinkle on both size of the roll.
- 7- The ironing belts adopt automatic tension technology which achieves the perfect ironing effect due to consistent tightness of belts.
- 8- Equipped with floating type steam trap, it has no request for the steam pressure difference, so it can drain smoothly.

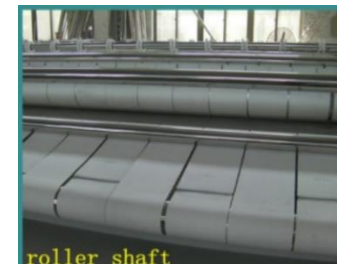

Specifications:

MAXIFINISH

MAXI ELECTRIC HEATED Flatwork Ironer

Model: YDI-2200/2500/2800/3000 (SINGLE ROLL)

YDII-2500/2800/3000 (DOUBLE ROLLS)

YD series ELECTRIC HEATED flatwork ironers are designed for small and medium-size laundries to dry and iron all kinds of comforter, table cloth, towels, etc.

Features:

- 1- Electric heating
- 2- The roll is made of stainless steel.
- 3- The transmission is adjusted through speed regulation; the working speed can be changed according to the heating temperature and the thickness of linen.
- 4- Adopt gear reducer to connect the pulley and chain wheels to accomplish stable and reliable work.
